## L'ELENCO DELLE CITAZIONI DEI LIBRI SAPIENZIALI NELLA LETTERATURA MONASTICA DEL IV E V SECOLO

L'articolo fornisce l'elenco delle citazioni sia dirette che indirette dei Libri sapienziali (*Salmi* esclusi) nella letteratura monastica dei secoli IV e V.

Vengono presi in esame tutti gli autori monastici di questo periodo: trentotto autori, di cui sono state analizzate centocinque opere. Si tratta di opere scritte espressamente per i monaci; non vengono, perciò, presi in esame scritti diretti ad altri destinatari. Non sono state prese in considerazione le opere che, pur trattando di argomenti spirituali, non erano indirizzate agli ambienti monastici (ad esempio, la letteratura sulla verginità, i cui destinatari non sono monaci). Non compaiono, altresì, gli scritti nei quali non si trova alcun riferimento ai Libri sapienziali, che, in ogni modo, sono stati consultati.

L'asterisco precedente il riferimento del libro biblico contrassegna le citazioni esplicite.

WYKAZ CYTATÓW KSIĄG MĄDROŚCIOWYCH  
 W LITERATURZE MONASTYCZNEJ IV I V W.

S t r e s z c z e n i e

Artykuł przedstawia wykaz wszystkich cytatów ksiąg mądrościowych (z wyjątkiem *Psalmów*) użytych w literaturze monastycznej IV i V w. Do jego opracowania wykorzystano dzieła wszystkich autorów monastycznych tego okresu, którzy pisali zwracając się do mnichów: trzydziestu ośmiu autorów, z których przeanalizowano sto pięć dzieł. Z tego powodu nie zostały wzięte pod uwagę te dzieła, które nie zwracają się bezpośrednio do mnichów (np. pisma dotyczące dziewictwa, których adresatami nie byli bezpośrednio zakonnicy).
